Comment on course strengths and/or weaknesses:

Comments
Very confusing going back and forth between the recitation and actual class
Very good at explaining content
Not a hard course but you have to study
This class was a great, basic math class. Not too much work, but it kept me busy.

Jacob is so helpful
Our teacher was AWESOME!!! He really helped us with everything, and was just all around great. He is truly one of the best TA's that I have ever had before.
